

WEREWOLF KIBBLE

In some old stories, werewolves **shape-shift** back into humans when you say the person's name three times. If you're afraid your guest will eat you, give it a try. If that doesn't work, distract them with some tasty werewolf kibble so they won't think about snacking on you!

Makes 6 servings

Ingredients

- ★ 1 cup semi-sweet chocolate chips
- ★ 1 cup peanut butter
- ★ 6 cups rice squares cereal
- ★ 1 cup powdered sugar
- ★ Sprinkles (optional)
- ★ Candy coated chocolates (optional)
- ★ Cheese crackers (optional)
- ★ Toasted corn snacks (optional)

The word *werewolf* comes from Old English. The word for man was *were*, so a werewolf was a man-wolf.

Equipment

- ★ A large microwave-safe bowl
- ★ A mixing spoon
- ★ A large mixing bowl
- ★ Parchment paper
- ★ A baking sheet
- ★ Serving bowls

1 Put the chocolate chips and peanut butter in the large microwave-safe bowl.

2 Microwave in 30-second **intervals**, stirring each time, until everything is melted and smooth. These are your wet ingredients.

3 Put the rice squares in a large mixing bowl.

4 Pour the wet ingredients over the cereal.

5 Gently stir with a spoon to coat the cereal, being careful not to crush the pieces. Keep mixing until all the cereal is evenly covered.

6 Spread the coated cereal onto a parchment-lined baking sheet. Let it cool for about 10 minutes.

7 Next, sprinkle powdered sugar over the cereal. Carefully mix the cereal with your hands to fully coat it. Mix slowly, as the sugar can be messy!

8 You can munch on this kibble as it is or make it sweeter or more **savory**. For a sweeter version, try adding sprinkles and candy-coated chocolates. For a savory version, add cheese crackers and toasted corn snacks. Serve in a bowl and enjoy!
